

## Volunteers are needed at Presbyterian Children's Village both at our Rosemont Campus and the Preheim Center in Southwest Philadelphia.

### Working with Teens at the Rosemont Campus

#### Recreational/Life Skills Activities:

Targeting Adolescent Growth (TAG) Team Volunteer Activity Leaders provide assistance for the Therapeutic Activities program of Presbyterian Children's Village Residential Treatment facility to enhance the experience, education, social and life skills of youth in the Residential Treatment program of Presbyterian Children's Village. Help with an existing program or lead your own.

#### Tutoring

Volunteer tutors provide one-on-one learning support for students in the Residential Treatment Program. Students are in their teens, but may be performing significantly below grade level. Tutoring is particularly needed in reading and math, as well as in other subject areas. Tutors are needed weekdays, evenings, and on the weekend.

#### Career Nights At PCV

Once a month, local professionals are invited to speak to PCV youth about their careers and the path that took them there. As a professional in our community, you can provide tremendous inspiration to these youth who have had few role models in their lives. Help plant the seed of an idea that may develop into a direction for training and a job.
